

Podcast Training Installing Audacity & LAME (Win)

Podcasting @ CLRN

	<ol style="list-style-type: none">1. Insert your Podcast Class CD and click Open folder to view files
	<ol style="list-style-type: none">2. Drag the Audacity-LAME folder to your desktop.
	<ol style="list-style-type: none">3. Open the Audacity-LAME folder on your desktop4. Then, open the Audacity-Win folder

 <p>A screenshot of a Windows Explorer window titled 'Audacity-Win'. The address bar shows 'D:\Audacity-1'. The main pane displays a single file named 'audacity-win-1 .2.4b' with a computer icon.</p>	<p>5. Double-Click on the Audacity-win file to install Audacity on your computer.</p>
 <p>A screenshot of a Windows Explorer window titled 'Audacity-LAME'. The address bar shows 'C:\Documents and Settings\user\My Documents'. The main pane displays four folders: 'Audacity-Mac', 'Audacity-Win', 'LAME-Mac', and 'LAME-Win'. An arrow points from the 'LAME-Win' folder to the right.</p>	<p>After Audacity is installed, we must drop the LAME folder into the Audacity folder in your “C” drive. Actually, we could put LAME anywhere, but this is the easiest way to track it.</p> <p>6. Open Audacity-LAME folder again, and move it over to the right side of your monitor.</p>
 <p>A screenshot of a Windows 'My Computer' window. The address bar shows 'My Computer'. The main pane is divided into 'Hard Disk Drives' and 'Devices with Removable Storage'. Under 'Hard Disk Drives', there is an icon for 'Local Disk (C:)' with an arrow pointing to it from the right. Under 'Devices with Removable Storage', there is a CD-ROM icon labeled 'Podcast_Class (D:)'.</p>	<p>7. Open My Computer (which is either on your desktop or accessible through START)</p> <p>8. Double-click on Local Disk (C).</p>

	<p>9. Open (Double-click) on Program Files</p>
	<p>10. Finally, Drag the LAME folder and drop it into the Audacity folder.</p>
